

## **Jerusalem Jewish Heritage Experience**

### **What Will I Experience?**

#### **King David's Tomb**

Possibly the tomb of the great Israelite King David, this site has been visited by pilgrims Jewish and Christian for centuries. It also served as a substitute prayer site when Jews were denied access to the Wailing Wall (1948 to 1967) while Jordan controlled the Old City.

#### **The Wailing Wall**

Stop at the Wailing Wall to say a prayer and leave a note in the cracks between the stones of the wall that supported the Temple Mount in ancient times. A symbol of exile and destruction, it is now a joyous location celebrating the Jewish return to reunified Jerusalem.

#### **Davidson Center - Jerusalem Archeological Park**

Learn about ancient Jerusalem with the help of state-of-the-art technology, including a virtual reconstruction of the Temple Mount and a film reenacting the pilgrim experience. See Roman-era shops and ritual baths that lined the street under the Temple Mount stairs.

#### **Mount Herzl National Cemetery**

A burial place for prominent Zionist figures such as Theodore Herzl, Golda Meir and Yitzhak Rabin, here you will also find an expansive military cemetery; one quite full for a country so young. The loss of the soldiers who fought for the land of Israel is palpable.

#### **Yad Vashem**

Tour Jerusalem's international center for the documentation, research, education and commemoration of the Holocaust. Highlights include the Hall of Names, a memorial to individual victims, and "The World that Was" which documents pre-war European Jewry.

### **What's the Cost?**
